Re: Minor change of project EUI02-036 - B-CONNECT

Dear Mr Chirlesan,

We confirm that we have received your notification regarding the change of location for several investment sites (see annex 1) for the project **EUI02-036 - B-CONNECT**. Following our review of the information provided, we acknowledge that this change constitutes a **minor change** to the project as per the EUI-IA Guidance and, as such, **does not require prior approval** from the Permanent Secretariat, nor modification of the Application Form.

We confirm that the new sites fall within the scope and objectives of the approved project, and that the overall nature, purpose, and expected results to be achieved remain consistent with the Application Form. We note that the budget also remains unaffected by this change.

Please ensure that the updated site information is described in the Annual Progress Report 1 to be submitted 31 December 2025.

Yours sincerely,

Tim Caulfield

Director – EUI Permanent Secretariat
